Trail Grooming

Like usual, Green Canyon will be groomed for both cross country (on the road) and snow biking (on the single track) once we get enough snow.

Beaver Bottoms grooming (below Beaver Mtn) will return this season now that the logging is done and our permit has been approved.

We're also exploring grooming one or two new locations, one in the valley and one at high elevation, on a temporary test basis this season and evaluating them for future use.

Stay tuned!

Board Meetings

The NU board meets monthly at 7pm in the Logan Library on the first Tuesday of every month. Anyone is welcome to attend and provide input!
